

February 28, 2024

Dear Women of TASTE,

It is with deep regret that we announce the suspension of our TASTE for Tots to Tweens Childcare Program for the remainder of the current TASTE season, beginning immediately.

We were truly hoping to get our childcare program back up and running to pre-Covid attendance. We are so grateful to the Sisters of the Servants of the Lord, to Brigid Linsenmeyer, and Terry Marks for all of their efforts and dedication. We are also very grateful to the women who stepped up and volunteered to be backup childcare providers to the Sisters. This was a very difficult decision, but ultimately, we do not want to limit our TASTE women's ability to attend talks when we don't have enough children attending the program.

Our goal is to try to implement a childcare program again in the Fall. We ask you, our TASTE women, to refer any women who express a need for childcare to us by either giving out our contact information or by providing us with a means to contact your referrals. This will help us to track the level of interest and make the necessary preparations. The best means of contacting us is emailing Karen at karen.giermek@gmail.com or by responding to one of our emails.

If you have any questions, please contact Karen at the above-listed email address or speak to her at TASTE.

In Christ,

Karen, Joy, Michele, and Helen
